Afternoon Mark

Hi Mark,

Following a further review of the submitted planning and viability information, the Local Highway Authority would like to provide an additional comment in relation to the Spalding Western Relief Road (SWRR).

The applicant's submitted planning and viability evidence identifies a financial contribution towards the SWRR, understood to be approximately £1.3 million. Given the strategic importance of the SWRR in supporting growth within western Spalding and mitigating the cumulative impacts of development in this area, the Local Highway Authority requests that an appropriate financial contribution towards the SWRR is secured through the Section 106 Agreement.

Please treat this as an addendum to our previous consultation response.

Regards
