7. IMPACT AND JUSTIFICATION STATEMENTS

A: Please provide sufficient information for the Council to assess the impact of your proposed works on the historic fabric of the building(s) / structure(s).

The roof of Linden House was originally covered with Collyweston slate, together with the attached Earle House.

Approximately the middle of the last century, circa 1960, Linden House was converted to offices by Johnson Bros, the former owners. The existing derelict Collyweston roof, which was patched with Welsh slate, was fully replaced with Welsh slate as an acceptable alternative at that time.

Earle House is currently in a similar state to that of Linden House, prior to conversion in the 1960's, namely Collyweston slates patched in several places with Welsh slate.

The partial re-roofing of Linden House on the East elevation is to match the remainder of the roof.

B: Please give reasons why your proposed works are necessary to secure the long term future of the building(s).

It was necessary to re-roof this section of roof because it was in a state of disrepair, not having been repaired in the 1960's.
