Dear Mr Fidler

TOWN AND COUNTRY PLANNING ACT 1990 - APPLICATION TO EXTEND THE TIME LIMIT FOR IMPLEMENTATION

CONSTRUCT AND OPERATE AN 8 KILOMETRE HIGH PRESSURE NATURAL GAS PIPELINE AND TO EXTEND EXISTING WRAGG MARSH ABOVE GROUND INSTALLATION

Spalding Energy Expansion Limited ('SEEL') is applying to South Holland District Council to extend the time limit for implementation of the extant planning permission ref: H16-0135-10 dated 8 June 2010.

The approved development was for: "*Construct and operate an 8 kilometre high pressure natural gas pipeline and extend existing Wragg Marsh above ground installation to support a new minimum off-take connection and a new minimum off-take facility*" (the Proposed Pipeline/AGI extension). The site of the above comprises land between the proposed Spalding Energy Expansion (SEE), at West Marsh Road and Wragg Marsh above ground installation (AGI) to the north east of Spalding.

The Proposed SEE is a combined cycle gas turbine electricity generating station (CCGT) which was granted consent (the Original Consent) by the Secretary of State for Energy and Climate Change on 11 November 2010 under section 36 of the Electricity Act 1989, along with deemed planning permission under section 90(2) of the Town and Country Planning Act 1990. It is intended that SEEL will shortly submit an application for variation of the Original section 36 Consent (Variation Application) under section 36C of the Electricity Act 1989 and a request that the Secretary of State direct that deemed planning permission be granted pursuant to section 90(2) and/or (2ZA) of the Town and Country Planning Act 1990.

Accompanying this application are the following documents:

- Application Covering Letter (this letter)
- Application Form for a new planning permission to replace an extant planning permission, in order to extend the time limit for implementation
- Landowner Schedule
- Planning Statement
