Subject: Re: Consultation - H16-0330-25: 38 Spring Gardens

Good afternoon

My issue would be that that the existing windows and doors that have been fitted and fascia will look out of place with the wooden casements. They should be replaced with appropriate materials.

In my opinion we cannot have a part solution the entire building should be treated as grade two listed and therefore should reflect that look in its entirety...

Regards
James Le Sage
