Phil,

I can confirm the commercial waste bins will be collected once / twice a week by a private contractor which is standard practise for this type of business.

The freestanding brickwork panel will be constructed on site and the condition discharged at a later date

Many thanks,

Kind Regards,

Jason

Hi Jason,

In respect of H16-0348-14 (land between Springfields and Fulney Hall) I have the following comments/queries.

In respect of condition 6, please could you confirm that these are to be commercial waste bins, to be collected by a commercial waste contractor. How often are these to be collected?

Condition 16 is not part of this current application, however, can you confirm how you intend to address this in due course?

Thanks

Phil
