4. Description of Proposed Works

Please describe the proposed works:

We live in a corner house. The front of the house is surrounded by an old hedge fence. Due to other people walking their dogs on the sidewalk we have found and saw some of the people letting their dogs come to our property and let them take a poo or wee. Also because our fence is approximately 42 meters long, we get lots of people looking around into the property as they walk, drive, or cycle past while we do gardening or work. We decided to build a wooden fence of 180cm high which would cover around 42meter in length included gates. The hedge fence (H1,H2 in "Site plan" reference) is approximately 1.4 meters high and would be removed as it is old and ill. Then metal squares posts would be partly concrete every 3.8 meters into the soil and wooden planks would be attached to them. Planks are 10 cm in height 3 mm thick and 4.2 meters long. We would be required to use 18 planks to form one fence sheet. Fence sheets would be approximately 3.8meters long. 11 sheets would be required to cover my wanted fence.

Has the work already been started without consent? ○ Yes ◉ No

5. Materials

Does the proposed development require any materials to be used externally? ◉ Yes ○ No

Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material):

Hedge fence (H1,H2 on "Site plan" reference) would be removed and a wooden fence would be put in place to replace current hedge fence.
