

SOUTH HOLLAND DISTRICT COUNCIL

The plan shows what has already been agreed and what has already been built or about to be built.

The estate road, Wygate Park, is shown linking to Monks House lane in a curving fashion. Developers would like it to follow the Pennygate Drain, making it straight for a longer distance.

The site for new shops, granted on appeal by the Secretary of State for the Environment, opposite Mariette Way is shown. If there is a demand for additional shops the District Council think they should be located where the estate road and major footpath / cycleways cross (As shown by (S) On the plan).
