Dear Planning,

**PROPOSED RESIDENTIAL LOG CABIN
REAR OF 26 GREEN LANE, SPALDING
MR M NICHOLLS**

As the site is within flood zone 3, a FRA was submitted with the original Outline application reference H16-0169-19 (see attached).

Please see attached detail of the foundation and ring beam construction which will allow the structural floor of the log cabin to be bolted to. The structural floor will be to flood resilient construction standards.

Regards
Hannah
