Dear Chris,

**Replacement shopfront and associated works
5 and 6 bridge Street, Spalding**

Please find attached the colour samples for the proposed frontage repainting. These are as noted on the elevational drawings. We have not supplied a sample of the black as we hope that that colour is self evident.

If you require further copies of these samples please let us know. As I am sure you are aware the colours when in painted on in a larger area tend to look slightly different from sample cards due to density and refraction of light etc. This will apply especially to the masonry paint area.

Please do not hesitate to contact us if you have any queries.

Yours Sincerely,

MARY ANDERSON.
