for all types of Signwork

Dear Sir/ Madam

Please refer to the photographs and drawings enclosed. On the photographs it has been indicated which sign is which (A,B or C) and with the help of the photographs i hope that i can make clear Mr. Shadat's intentions to change his existing signwork.

Sign (A).
Sign (A) is already in existence, comprising of an illuminated box and Perspex faces currently brown with white lettering, all i propose to do is to change the faces in the box. These are still to be made of Perspex but instead of brown they will be blue with white lettering, the styles are to be Pretorian and Helvetica Medium which will be used where ever i make changes.

Sign (B).
Sign (B) will remained the same but Mr. Shadat would like to put a small one and a quarter inch wide aluminium frame around it and with three spot lights positioned as indicated on the drawing.

Sign (C).
Sign (C) Is to be a double sided illuminated projecting box made from aluminium with Perspex faces (Blue with white lettering again).
The sign is to be positioned above Sign (B) in the area of the door.

I hope that this is sufficient information but if i can be of any further assistance please do not hesitate to call me on the above number.

Yours sincerely

Stephen Payne (Proprietor)
