Dear Tracey

Further to our telephone conversation today as discussed please see attached my comments.

I have seen the Highways Boston comments from Jon Sharpe, I must say I am concerned as we are currently operating a Children's Nursery on Haverfield Road which is:

- Much bigger than the proposed site.
- Currently operating with just ONE parking space.
- Has 18 staff members present at any one time.
- Has NO access to public car parks.
- In the centre of a Conservation Area.
- Opposite Spalding Grammar School housing in excess of 900 Pupils at any one time.
- In the middle of a Residential Area.
- Next door to the local Food Bank.
- On a particularly Blind and Dangerous Cross Roads.
- On a local Bus Route.

The residual cumulative impact of local on-street parking by staff members together with the additional daily vehicle movement and parents dropping off and collecting will NOT obstruct or interfere with the safety and freedom of movement of local residents and other road users as we are clearly demonstrating this at our above mentioned site.

Tracey I would also like to confirm with you that NONE of the parents who do drop off their children in a vehicle park at the Drill Hall as suggested by you earlier. You mentioned that parents from Little Treasures Nurseries park there, but this is NOT the case, parents from the Grammar School do park there as do parents from Shining Stars (the churches play group) Also as you are aware there is currently a Food Bank operating from the Drill Hall, which again has NOTHING to do with the Nursery. Please by all means speak with Chas Sandos the Pastor of the Pentecostal Church if you require confirmation of this.

I also attach a photograph which I feel may be of interest to you Tracey, as you will see it is of the proposed premise and the staff parking situation at the time.

I look forward to your comments at your earliest convenience.

Kind regards

Miranda Beba
Director

Little Treasures Nurseries
