Hi David
All well here thanks and I trust you are too.
I have just spoken to the client, and he will be using gravel for the parking spaces for 2a and 2c which will be retained within block paving edging so it stays put.
The parking spaces for 208 Winsover road are existing gravel and won't change, we included them because they formed part of the earlier planning application. The parking area for 2b will remain as it is which is concrete hardstanding.

Let me know if you need anything else.

Kind regards

Lewis

Lewis Smith MRTPI

Dear Lewis,

I hope all is well. I am currently writing up the report for this application. The materials section of the application form, and the supporting information does not specify the proposed construction materials for the parking provision around the site. Can you please provide the proposed materials of construction for all parking areas at your earliest convenience.

Kind regards,

Mr David Grant | Senior Planning Officer | **South Holland District Council**
