Application H16-0605-15
Location 11A SPALDING COMMON SPALDING PE11 3AS
Proposal Details of external materials and Contamination Report (Conditions 3 and 4 of H16-0141-15)

Name J Reith
Address Environmental Health Technician Safety and Environment

Date Submitted 29-07-15
For/Against Comments

The Envirosearch Report submitted is not sufficient to meet the contaminated land condition. Our records show that the site was previously used for clay brick and tile manufacture and there are unknown filled pits on site. The report does not cover this previous use so I therefore require further information for the site.
