Thank you for consulting us on this application.
Having reviewed the application documents and the updated available Historic Environment information for this application, the proposal is unlikely to have an impact on significant archaeological remains. Consequently, no further archaeological input is necessary for this application. It is not necessary to consult us on this application again, unless there are material changes to the proposals. However, if you would like advice from us, please contact us to explain your request.
Finally, as the proposal includes the replacement of external elements within Spalding Conservation Area and affects the setting of the Grade II listed MLI94491 Star Relay Warehouse, High Street, the SHDC Conservation Officer should be consulted prior to determination, given the potential indirect impacts on the significance of the conservation area.
