Good Afternoon David,

Please see the attached statement provided by the school in relation to staff and pupil numbers. We hope this will satisfy the councilors request.

Best wishes,

Nathaniel

Good Afternoon David,

Following our previous conversation earlier today, we have requested a statement/letter from the school confirming that the nursery is a replacement facility with no increase in staff or pupil numbers. We hope that this will satisfy the councilor's request in order to prevent the project going to committee under parking impacts. We are presently under the belief that there is currently 13 members of staff under the Nursery facilities and that this figure will remain, but we will forward the exact figures to you as soon as they have been made available to us for clarity.

Best wishes,

Nathaniel

Dear Mr Grant

Ref: Planning Application H16-0642-22 - Spalding Primary Academy - Wygate Nursery:

I write in relation to recent questions raised surrounding car parking capacity at Spalding Primary Academy and the submission of the planning application for the Wygate Nursery rebuild.

The Nursery is to accommodate a similar footprint to the original current temporary structure further down the site at Spalding Primary Academy, this temporary structure will be removed post successful completion of this project.

Spalding Primary Academy now fully manage the Nursery within the school site following a recent transfer of ownership and the staffing in April 2022. The Nursery can currently accommodate 52 children at any one time and there are 78 registered children who attend over each week. Staffing has been static since the transfer with a reduction in staff in July from 16 to 15. This role is to be replaced taking the staffing back up to 16 members of the team. A review of the efficiency of the setting has been completed and will ensure that the site can run with the current numbers of staff and these have been carefully budgeted for the forthcoming academic year. The new nursery space will not increase the staffing capacity and therefore there would be no increase in the number of staff at the site, number of car parking spaces being used or an increase to traffic on the surrounding roads accessing the site.

Once the new build has been completed there will be the potential of additional nursery places depending on how the setting is organised but the number of staff would remain the same. We would plan carefully the places available and the ratios of staff required to accommodate any changes but there is no intention of any increase to the current staff numbers.

The Academy have made the decision to remove the Holiday Club facility at the setting from the July 2022 so there will be a reduction in both footfall and traffic to the site during the holiday periods.

Should you require any additional information please do not hesitate to contact me

Yours sincerely

M L Dales
