I have reviewed the following documents:
- Sub Surface North East Limited Ground Investigation at The Birds Public House, Halmer Gate, Spalding, Lincolnshire' Ref NE3769B Dated June 2019
- Sub Surface North East Limited Remediation Method Statement for The Birds Public House, Halmer Gate, Spalding, Lincolnshire' Ref NE3769C Dated July 2019

I am in agreement with the findings and recommend discharge of part ii of condition H16-008-19. I look forward to receipt of the validation report in due course.
The remediation method statement gives two remediation options, A & B, either option is satisfactory from my perspective, and validation sampling is set an at appropriate rate.
