Dear Ross,

Thank you for your email.

The above site has not yet been deposited at the Collection with the archaeological curator Antony Lee as we had an delay in the return of the black & white film due to a change of supplier. We now have the film and the site is ready for deposition.

Subject to Antony Lee's agreement, this site will be on the next deposition which will be in the week commencing 3rd August 2015. Would you like me to confirm that this has happened at the end of that week by sending you an e-mail and a copy of the receipt for the archive?

I do not work on Friday's, but please send me an email and I'll pick it up when I return to the office on Monday if you have any further queries.

Best wishes

Sarah
