The proposed works will require a full planning application for a change of use. Whilst the proposed plans show new windows are to be timber framed, please be aware that the previous application under reference H16-0857-14 proposed UPVC windows and was refused for that reason. The only fenestration materials that the Local Planning Authority would support on public facing elevations would be timber only. The proposed internal layouts would appear to offer an acceptable level of amenity for future occupants.
