Application	H16-0761-18
Location	SPALDING RAILWAY STATION STATION APPROACH SPALDING PE11 1EY
Proposal	Installation of lifts to existing footbridge crossing and associated works to provide inclusive access between Platform 1 and 2 at Spalding Station

Name	Ian Marshman, Historic Environment Officer
Address	Lincolnshire County Council Places Team Lancaster House 36 Orchard Street LN1 1XX

Date Submitted	06-08-18
For/Against	Comments

This office was consulted on these proposals at pre-application stage and we worked proactively with the local planning authority to agree designs that would best respect the Grade II Listed Spalding Town Station in which the proposed development would be located.

We are therefore in agreement with the Heritage Statement submitted here, which reaches the conclusion that the proposed development would not harm the significance of the Listed station buildings.

The proposed development lies outside the historic core of Spalding and in an area that has produced no known prehistoric remains. The construction of the railway and station itself is also likely to have destroyed any buried archaeology that might have existed on this site. It is therefore recommend that no archaeological input be required.
