To north of Leathwaite House ! Leathwaite House cat be shaded better

Proposal 11 lose some sunlight from south wing to Leathwaite House.

Normal back to back = 21m. Garden depths $\geq$ 10m.

Proposal 15 ~~about~~ 9m depth max + no gardens also at this point
Leathwaite House has garden depths between 5+7m. Therefore gardens ^{not make this point} will have
good view of proposals rear garden. Abingdon on the site would ~~be~~ better

Abingdon could reduce the height + the effect a Leathwaite ledge or delete
Estate + change roof pitch/design.

Can't Make?
