RE-APPLICATION AFTER REFUSAL – H16/0133/02

This is a re-application after refusal, the grounds for refusal being as follows:

The proposed change of use of these premises to an office for a taxi business is likely to cause the introduction of turning, stopping and waiting manoeuvres immediately adjacent to the New Road and Swan Street junction as taxis pick up their 'fares'. Such manoeuvres are likely to cause conflicts with and obstructions to other vehicles at this busy junction, contrary to the interests of highway safety and the freedom of flow of traffic. As such the proposal would be contrary to Policy E1 of the adopted South Holland District Local Plan.

My client has considered the reasons for refusal of the previous application and respects the concerns of the highway authority, Councillor P Rex (Ward Member) and the Spalding & District Access Group. The public objections should not be considered as they are from competitor taxi companies who should not be concerned by competition.

It is proposed to operate a system where customers visit or telephone the office and are taken from the office by the side entrance to the waiting taxi at the rear of the building. All collections will be from the rear parking area. The office will be a booking office and waiting room.

Under no circumstances will clients be collected from the front of the office and the existing taxi rank opposite the office will not be used.

Mr Rous proposes to operate in a highway conscious manner and if any of his employee drivers carry out any unsafe manoeuvres, action will be taken!!.
