Application H16-0813-18
Location 2 ST JOHNS ROAD SPALDING PE11 1JB
Proposal Details of closure report (Condition 3 (part iv) of H16-1083-16)

Name Susan Armour
Address Environmental Protection Officer South Holland District Council

Date Submitted 03-09-18
For/Against Comments

I have reviewed the letter dated 10th November 2017 and 25th October 2017, along with the information held in the Environmental Health records. These letters were reviewed by my predecessor on 13/11/2017 when she said:

'I have assessed the letter report from EMCUS dated 10 November 2017 and confirm that it satisfies the concerns relating to the contamination in the 'fuel line area'. I am happy for you to proceed on site as per the letter. I understand that parts i-iii of the contaminated land condition have now been discharged by the Planning Department. You will need to submit validation documents in due course to meet part iv of the condition and this will include evidence that the gardens in plots 21 to 27 have been remediated as agreed.'

I look forward to receiving those in due course. In addition, please could I have a copy of the information relating to the decommissioning of the historical fuel tanks present on site, as this is missing from our files.
