Title: Ms First name: Tracey *Surname:* Meacham

Reference: n/a

Date (DD/MM/YYYY): 14/05/2010 (Must be pre-application submission)

Details of the pre-application advice received:

MEETING I
On 14 May 2010 Ben Davidson of bdAr met Ms Tracey Meacham and Mr Richard Fidler on site to discuss the new River Bank site owner's intention to develop the site.
Mr Davidson outlined the principle of the owner's preferred scheme for the site:
1. Proposal for two new detached houses.
2. Proposed houses will be low so that the value of the two houses already consented (on land across the road) would not be diminished.
3. Mr Davidson clarified that the owners of the adjacent Public House across the road have plans to relocate parking to rear of Public House.
Ms Meacham & Mr Fidler did not object to above principles.
MEETING II.
On 21 September 2010, Ben Davidson of bdAr met Ms Emma Kirk of Environmental Agency and Geoff Beel (owner's flood risk consultant) to discuss implications of proposed development on the tie rods that are likely to be found on site under the ground. The conclusion of the meeting was as follows:
1. Should underground tie rods be found, it is likely that the proposed houses may be located over them.
2. Should the proposed development be approved, site owners will appoint civil and/or structural engineers to carry out necessary ground investigations and prepare a scheme to be agreed with Environmental Agency.
3. It is therefore understood that any consent would need to be conditional and subject to Environmental Agency Consents.
