DO NOT SCALE FROM THIS DRAWING

This drawing is copyright and may not be altered, reused, photographed or used for any other purpose other than that for which it is issued. The Client shall indemnify G R Merchant against all claims arising from the unauthorised use of this drawing. The Contractor is to check all dimensions on site before commencing any work or shop drawings. Any discrepancies are to be reported before work proceeds. Dimensions are based upon current site conditions viewed at the time. No responsibility can be accepted for abnormal conditions which may be discovered during construction unless reported to the Architect so that design amendments may be considered. Ties and dotmins are recommended only and must be checked by the Contractor before commencing any work or shop drawings. This drawing is limited in the amount of information contained and does not purport to contain a full specification of the works. It is solely for the purpose of obtaining Planning / Building Regulation approval. This drawing must not be used as a finished structural issue. The works will not be supervised or inspected by any G R Merchant of any representative thereof. It is the client or their agents responsibility to appoint a competent person to supervise the works. All materials to be new unless otherwise stated and all workmanship and materials are to be used fitted and installed all to strict accordance with manufacturers instruction any relevant code of practice. Substitute shall conform in equivalence British standard specification or BBA certificate of registered European equivalent. The Contractor shall allow for all temporary bracing, propping and shoring necessary to maintain the stability and safety of the structure and adjacent structures during construction. All setting out and dimensions relating to address compliance with Health and Safety legislation for Building sites and shall assess. The Contractor / Client is advised that should the works need to comply with the Construction Design and Management Regulations an independent Planning Supervisor will be required. The works shall comprise of all that is shown on the drawing and details which that may not specifically shown but may be reasonably inferred as necessary to carry out the
