Dear Sir

Alterations To Reduce and Improve Car Showroom and Upgrade
Toilet Facilities, At 83 Pinchbeck Road, Spalding.

Your site has recently been inspected in relation to an advertisement consent application which has been submitted on your behalf by Futurama Signs Ltd.

It was noticed at that time that a plate glass window has been substituted for a brick wall with two high level windows. I would therefore be grateful if you would amend a plan and submit it along with the enclosed forms so that my file can be kept up-to-date.

It was also noted that the advert application showed signage to be erected on a canopy which should be over the petrol pumps. This canopy does not exist at present and I advise that the granting of advertisement consent does not provide the necessary permission for the erection of the canopy. Therefore, I advise that before the canopy is erected planning permission should be sought.

Dear Sir/Madam

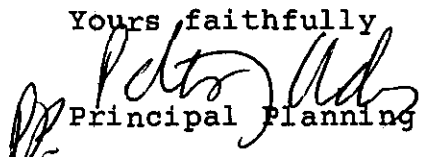

TOWN AND COUNTRY PLANNING ACT 1990
REQUIREMENT FOR ADDITIONAL INFORMATION ETC

Your submission for the above has been received, but I regret that the Council is of the opinion that the information contained in the application is insufficient. Although the Authority can decide the application as it stands, it is probable that the proposal would be refused if the additional information is not supplied. You are therefore requested to supply the following:

The 1:2500 plans show the wrong site and the site plan does not show clearly where the 'welcome' sign will be. Is it on the building or a free standing pole sign in the forecourt?

If you wish to contact the department at any time, the officer dealing with the application at present is P J UDY
