TOWN AND COUNTRY PLANNING ACT 1990

WORKS TO A PRESERVED TREE

Reference: H16-0950-21 **Date of Decision:** 19th October 2021

Applicant: Mr K Sedge
7 Cley Hall Drive
Spalding
PE11 2DZ

Location: Yew Tree House 3a Beechfield Gardens Spalding

Description: Works to Spalding Tree Preservation Order No 83 2014

Detailed Description:

Application to carry out works to lime tree(s) on the boundary of the rear garden of 3 The Beeches; which abuts the garden at 7 Cley Hall Drive. The lime trees are identified as T2 and T3 of Spalding Tree Preservation Order No 83 2014.

Please see the photographs which accompany the Application.

Description of proposed works in the words of the Applicant:

'The tree has many young saplings which have grown from a previous pruning. These overhang into my property and are interfering with me replacing an old summer house, since purchasing the property.

I would like to cut back these young branches by 4-6ft to avoid the shed roof, and also allow safe access to the shed roof and sides for future maintenance.'

South Holland District Council hereby give notice that permission has been GRANTED (or equivalent) subject to the following condition(s):

- 1 That the proposed work is carried out within two years of the date of this decision unless otherwise agreed with the District Council.
- 2 Work is to be carried out in accordance with BSI 3998 : 2010, 'Recommendations for Tree

Work'.

Notes:

The necessary consent of all other interested parties should be obtained before the works proceed.

Other than the removal of dead wood lime trees should preferably be pruned in late July and August or alternatively in the autumn months. Avoid pruning from the end of January onwards, as the bleeding of sap may be a problem.

Under the Wildlife and Countryside Act 1981 (as amended) all birds, their nests and eggs are protected by law and it is an offence to damage or destroy the nest of any wild bird while it is in use or being built. In the event of query please contact Natural England on Tel: 03000 603900.

Bats are protected species under the Wildlife and Countryside Act 1981 (as amended) and in the event that bats are living in any cavities in the tree(s), or if they are discovered while the works are taking place, please inform Natural England on Tel: 03000 603900 before works proceed.
