provided on site in accordance with the plan accompanying the application.

Reason: To enable vehicles to enter and leave the highway in forward gear in the interest of road safety.

5 The existing cottage on site shall be demolished and rubble cleared from the site no later than three months after the completion date of the proposed development.

Reason: The site is in a rural area, where it is the policy of the Local Planning Authority not normally to permit additional residential development. The proposed development is a replacement dwelling and this condition is imposed as it is not considered that a departure from that policy is warranted. Also, if the existing cottage were to be retained, it would have an unacceptable relationship with the proposed dwelling and would leave both with an unacceptable level of residential amenity.

This permission is granted in accordance with the original application submitted as revised by the amended plan received by the Local Planning Authority on 12 December 1990.
