DO NOT SCALE FROM THIS DRAWING

This drawing is copyright and may not be reproduced or used except as permitted by written agreement. All other parties must take any dimensions or details they require or rely upon from this drawing only after they have been checked on site and report any discrepancies to the Architect. This drawing is to be read in conjunction with all relevant Engineers and Specialists drawings and specifications and any discrepancies between them are to be reported to the Architect before proceeding with the work. This drawing is not to be used for the purposes of Tender or Construction unless it has been signed for that purpose. This drawing is to be amended only by the Architect or under the Architect's direct supervision and any unauthorised modifications to this drawing will relieve the Architect of responsibility for its accuracy for whatever purpose. This drawing is not to be used for the purposes of Tender or Construction unless it has been signed for that purpose. All materials to be used, whether or not specifically mentioned, and workmanship to be in accordance with the relevant British Standard Specifications and Codes of Practice. Manufacturers' instructions are to be followed in every detail unless otherwise specified. The Contractor is to check all dimensions on site before commencing any work or preparing any shop drawings. Figured dimensions are to be taken in preference to scaled dimensions. Any discrepancies are to be reported to the Architect before proceeding with the work. All setting out dimensions are to be checked on site before commencing any work or preparing any shop drawings. Figured dimensions are to be taken in preference to scaled dimensions. Any discrepancies are to be reported to the Architect before proceeding with the work.
