Optosign Orion LED strip - Technical Specifcation

Technical Characteristics: (Ta = 25°C)

Supply Voltage: 24Vdc
Typical Current: As Specified.
LED Colours: Red, Yellow, Green
Blue White and Colour Changing.

Viewing Angle: 120 degrees
Storage Temperature: -20 ~ +50°C
Operating Temperature: -20 ~ +50°C
Ambient Light Conditions: Zero to Daylight

Materials:

Housing: Natural Anodised Aluminium.
Optical Lens: Frosted Polycarbonate.
LED Lens: Water Clear Epoxy.
