Application H16-1026-24
Location Adj The Poplars Cowbit Road Spalding PE11 2RJ
Proposal Residential Development - 2 Dwellings

Name Historic Environment Officer
Address Lincolnshire County Council Lancaster House 36 Orchard Street LN1 1XX

Date Submitted 14-01-25
For/Against Comments

Thank you for consulting us on this application.

It is noted that the applicant has not provided an assessment of the archaeological or heritage potential of the site, as outlined in the NPPF (paragraph 207).

This site is located in an area of archaeological potential, south of Monument Record MLI23602: the Medieval Settlement of Spalding, and in proximity to Monument Record MLI23605: cropmarks of probable Roman origin.

Previous evaluation conducted before development in 45 and 47a Cowbit Road, EL114147 revealed medieval finds. Additionally, evaluation at Locksmill Farm, Cowbit Road, EL113700 exposed an undated linear feature as well as redeposited Early Bronze Age, medieval, and post-medieval finds, including pottery, flint tools, tile, clay pipe, and 20th-century glass. The proposed development comprises 'Residential Development - 2 Dwellings Plots'. The proposed development groundworks and any temporary works associated with the development will have a significant impact on any surviving archaeological remains, resulting in total or partial loss, if present.

As mentioned above, there is potential for development on this site to have an impact on buried remains that should be recorded prior to their destruction - NPPF (paragraph 218).

I recommend that if permission is granted, there be an archaeological condition for a mitigation strategy to effectively deal with this site. This will comprise a phased approach of archaeological investigation and mitigation work.

This will initially comprise but may not be limited to a trial trench evaluation of the site which should aim to determine the presence, absence, significance, depth and character of any archaeological remains which could be impacted by the proposed development as noted above and to inform a programme of further archaeological mitigation work which may be required if archaeological remains are identified in the evaluation.

This will enable any remaining archaeology which currently survives on this site to be properly assessed and recorded prior to their alteration or destruction.

This should be secured by South Holland District Council's standard conditions AR01, 02 and 03 and is in accordance with National Planning Policy Framework paragraphs 207 and 218 and the South East Lincolnshire Local Plan (Policy 29).

With respect to the attached archaeological conditions, please contact the Historic Places team at Lincolnshire County Council, Lancaster House, 36 Orchard Street, Lincoln, LN1 1YL, 07386 656079, email ruben.lopez@lincolnshire.gov.uk to discuss the requirements and request preparation of a brief for the works.

It is recommended the resulting mitigation strategy and Written Schemes of Investigation are approved by the LCC Historic Environment Officer prior to formal submission to the Local Planning Authority. Ten days' notice is required before commencement of any archaeological works.
