For/Against	Comments

I wish to raise no objections to this proposal. Both St John the Baptist Church and the Associated School can be considered to be significant non-designated heritage assets. The church itself being significant enough to be a potential candidate for future inclusion within the statutory list. The proposal is within close proximity of both. However, as neither building is afforded any formal provisions for their heritage value, given the small scale of the proposal I do not consider it to unduly impact upon the setting of either non designated heritage assets.
