Part Condition 3 - First Floor External Handrail (H16-0589-10)

This submission provides a short statement confirming that the area has remained unaltered for more than ten years with no adverse impact on the listed building, and requests that Part Condition 3 be formally discharged. Pre-application advice was received from Mr Gregory Watkinson, Conservation Officer, confirming that the omitted first-floor handrail detail is now a “null detail”.

Condition 7 - Brickwork Sample Panel (H16-0589-10)

I am submitting a written statement and photographs to discharge Condition 7 (brickwork sample panel) of Listed Building Consent H16-0589-10. The boundary wall was completed in 2011 using red clay facing bricks laid in stretcher bond with a light buff mortar and flush joint finish.

Condition 10 - Brickwork Samples (H16-0589-10)

I am submitting a written statement and photographs to discharge Condition 10 (brick samples) of Listed Building Consent H16-0589-10. The external brickwork was completed in 2011 using red clay facing bricks laid in stretcher bond with light buff mortar and flush joint finish.

Condition 12 - Acoustic / Thermal Insulation and Fire Precaution Works (H16-0589-10)

I am submitting a written statement and photographs to discharge Condition 12 (acoustic/thermal insulation and fire precaution works) of Listed Building Consent H16-0589-10. The works were completed in 2011, with mineral-fibre insulation fitted within ceiling voids and fire-rated plasterboard providing separation between commercial and residential uses. All works are concealed and cause no harm to the listed building's character.

Details of the pre-application advice received

Pre-application advice was sought from Mr Gregory Watkinson, Conservation Officer at South Holland District Council.

A site meeting was held at 6 Pinchbeck Road in 2025 to review the outstanding conditions attached to permissions H16-0923-10 and H16-0589-10.

Mr Watkinson advised that the building had been in its current form and use for over ten years and that several of the undischarged conditions were minor in nature and could now be treated as effectively "null" for planning purposes due to the passage of time and absence of harm.

This application follows that advice and seeks to formally regularise the position by discharging the remaining conditions with supporting documentation and photographs.
