DO NOT SCALE FROM THIS DRAWING

This drawing is copyright and may not be altered, traced, photographed or used for any other purpose other than that for which it is issued. The Demand Controller is to check all dimensions on site and report any discrepancies to the Architect. All details shown on this drawing including dimensions are based upon limited site conditions noted at the time. No responsibility can be accepted for abnormal conditions which may be discovered during construction unless reported to the Architect so that design recommendations may be considered. The soil surveys are representative in respect of boreholes to establish specific site conditions (where tested) is approximate. This drawing is limited to the amount of information contained and does not purport to provide a full specification of the works. It is solely for the purpose of obtaining Planning / Building Regulation approval. This drawing must not be used as a contract document alone. The works will not be commenced or interrupted on site by G.R.Merchant or any representative thereof. It is the client or their approved agents responsibility to control performances, substitutions of materials, alterations or modifications, workfolkmen to contract etc.

All materials to be new unless otherwise stated and all components and assemblies are to be used fitted and installed etc. in strict accordance with manufacturers instruction and relevant codes of practice and British Standards. To appropriate British Standard Specification and Code of Practice. Builders work in connection with the services is shown for general guidance only. The Contractor / Client shall ensure that the relevant contractors to obtain and comply with all relevant Statutory Undertakers requirements with Health and Safety legislation for Building sites and Work places. The Employer / Client is advised that should the proposed work be carried out by the Contractor under Design and Management of Construction Regulations a Planning Supervisor will be appointed. The work and the Health and Safety aspects of all but a minor nature of the drawing and details. Work that may not specifically shown but may be reasonably inferred as necessary to carry out the scheme shall be deemed to be included.
