Provide external duct extractor, where shown, consisting of 500mm diameter spiral galvanised ducting to extract lint/gas products/condensation.

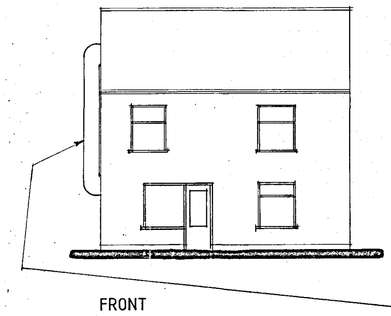

Provide internal stud partition at ground floor level to form WC/Utility, as shown.

Existing shop door and window to be altered, as shown; brick up as necessary; support over with IG box 200 lintel.

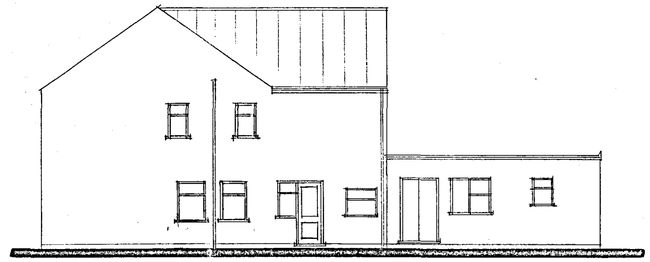

Existing lintels to be checked to ensure they are adequate to accommodate the additional loads from the proposed extension. If inadequate provide suitable IG box 200 lintels.
