Galvanised Steel Wall and Floor Bike Racks

- Galvanised steel construction makes this bike rack ideal for outdoor bike storage
- The single 1 bike holder is usually used on the wall, but can also be fixed to the floor if you wish
- The multi 5 bike rack is usually fixed to concrete floor (although can be freestanding if security is not an issue), but can also be fixed to brick walls if you have a requirement for multiple bike holders at your premises
- Suitable for wall or floor mounting
- Note: floor or wall fixings are not supplied with these racks
