This message originated from outside your organization

Hi Polly

Happy New Year to you. I hope that you are well and had a good break over Christmas?

Further to the submission of the above application before Christmas, which was validated on the 27th December 2018, please find attached the updated Drainage Assessment document (Rev B – December 2018) for your consideration.

This should replace the document as originally submitted with the application and should be forwarded on to your drainage team/consultants accordingly.

Kind regards

Matt Hubbard

Good Morning Matt

Please find attached the updated Drainage Assessment showing the current proposals.

The overall concept and runoff rates have not changed from the previous submission.

We trust this is acceptable.

Kind regards

Steve
