driveline 50®

For a classic rectangular-block driveway, choose Driveline 50. The blocks can be laid in a variety of patterns and there are six colours to choose from – making Driveline 50 a versatile choice. To ring the changes even further, a circle pack is available too.

driveline 50 blocks

- Suitable for driveways and patios and mixes with many other types of paving
- Driveline 50 is made in different factories in England, Scotland and Wales, so significant variation in colour and surface texture can occur. For the optimum colour blend, we do not recommend mixing blocks from different factories on the same site
- Good colour blending can also be ensured by taking blocks from vertical columns rather than horizontal layers

driveline 50 circle pack

- Contains all the blocks you need for a circle 2.6m in diameter
- Can be laid within an area of Driveline 50, or any other paving, or as a separate feature
- Detailed laying instructions in each pack make installation easy
- Each block is clearly marked to tell you which ring it belongs to
- Packs are shrink-wrapped
- Joint filling sand and Keybond are recommended (see p. 124-125)
