DRIVELINE 50

blocks

circle pack

For a classic rectangular-block driveway, choose Driveline 50. The blocks can be laid in a variety of patterns and there are six colours to choose from - making Driveline 50 a versatile choice. To ring the changes even further, a circle pack is available too.

product details

- Suitable for driveways and patios and mixes with many other types of paving
- Driveline 50 is made in different factories in England, Scotland and Wales, so significant variation in colour and surface texture can occur. For the optimum colour blend, we do not recommend mixing blocks from different factories on the same site
- Good colour blending can also be ensured by taking blocks from vertical columns rather than horizontal layers

technical information

	Sizes mm (nominal)	No.(per pack)	Weight (kg per pack)	Total m^2 (per circle)	Colours	Order Select
