

PROPOSED GRD. FLOOR LAYOUT 1:100

PROPOSED FIRST FLOOR LAYOUT 1:100

1

Change from brick built extension, as the area we are allowed to build on is so small, to a timber porch 3m wide x 1·8m deep. To include coat + shoe storage cupboard, exit door in same place opposite existing door.

Proposed Materials: Twin-wall roof *Sandtoft Calderdale Slate, to match existing.* so as not *Bricks to match existing, from available production.* to block light to kitchen

1

Create new w/c + shower room, create new door way in hall

Divide garage to create new room, remaining space to retain garage door and become cycle store

leave in one section of kitchen wall, as it has been deemed to be supporting

Only move kitchen door just clear of understairs cupboard, to avoid having to fill in part of banister area.
