## 7. Grounds For Application

### Information About The Existing Use(s)

Please explain why you consider the existing or last use of the land is lawful, why you consider that any existing buildings, which it is proposed to alter, or extend are lawful

The existing building, to which extension is proposed, is a residential dwelling and council tax is paid on it as such. The use of the building has always, to our knowledge, been then same and it has been a main dwelling house for a number of years (we have been resident since August 2002) and therefore is lawful.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application:

- |    |                                                    |
|----|----------------------------------------------------|
| 1. | Letter from Council                                |
| 2. | Site location plan                                 |
| 3. | Block plan with proposed extension outlined in red |
| 4. | Elevation plans for existing and proposed          |
| 5. | Figures 1 and 2.                                   |

If you consider the existing, or last use is within a 'Use Class' in the Town and Country Planning (Use Classes) Order 1987 (as amended), state which one:

C3

### Information About The Proposed Use(s)

If you consider the proposed use is within a 'Use Class' in the Town and Country Planning (Use Classes) Order 1987 (as amended), state which one:

C3

Is the proposed operation or use:

☐ Temporary

☒ Permanent

If temporary please give details:

Please state why you consider that a Lawful Development Certificate should be granted for this proposal:

The proposed extension to the main dwelling house complies with the new permitted development legislation (Oct 2008). If it is considered as a side and rear extension it complies as it does not exceed 4m from the rear wall, nor does it project wider than half of the original house in width. There is also nothing in the new legislation that requires an extension to be limited in width to the width of the rear wall, similarly it does not require an extension to be confined to the depth of the side elevation. See Figure 1 and 2 for a diagrammatic explanation.

## 3. Description Of Proposal

Does the proposal consist of, or include:

a) The carrying out of building or other operations? ☒ Yes ☐ No

If Yes to a, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions):

Extension to side and rear of property (see Block Plan and Elevation plans) to comply with all Local Authority Building Regulations, under the Permitted Development Legislation (Oct 2008)

b) Change of use of the land or building(s)? ☐ Yes ☒ No

If Yes to b, please give a full description of the scale and nature of the proposed use, including the processes to be carried out, any machinery to be installed and the hours the proposed use will be carried out:

If Yes to b, please describe fully the existing or the last known use, with the date this use ceased:

It will not be considered valid until all information required by the Local Planning Authority has been submitted.
