

Google Earth view of the site and the barn. The existing floor area measures 260sq m.

North West elevation seen from Scoldhall Lane.

South East Elevation seen from Scoldhall Lane. From the differences in block colouration (forming a gable shape) we can assume the barn was larger at some point.

North East elevation seen from Scoldhall Lane. Vehicular entrances can be seen on this side. The owners bungalow and farm shop can be seen in the background.
