Karen

Me again, there is one thing I've thought about that may be relevant. What I think planning will require to allow me to store palletised goods outside would be a relevant screening. Could you add a note at the end of the application that should that be a proviso of any changes then I would be willing to provide whatever cover would be required.

Many thanks

Paul

Ok that's great. Yes there is a form just called 'Application for Planning Permission' which is without the advertisement consent – so that is really the one we want.

Thanks

Karen
