DO NOT SCALE FROM THIS DRAWING
This drawing is copyright and may not be altered, copied, photographed or used for any other purpose other than that for which it is issued. The Planning Contractor is to check all conditions on site and report any discrepancies to the Architect. All details shown on this drawing including foundations are indicative only and are subject to the soil conditions found on site. Any variations must be agreed with the Architect prior to the work commencing. All dimensions are in millimetres unless otherwise stated. Figured dimensions are to be taken in preference to scaled dimensions. Any discrepancies between drawings should be reported to the Architect before any work is commenced. Site and contractors are responsible for ensuring that all dimensions are correct before any work is commenced. This drawing is prepared in accordance with the Architects Appointment and does not purport to include all the necessary requirements in connection with the Construction Regulations. Unless otherwise stated all components and materials are to be used, fixed and installed etc. in strict accordance with manufacturers instructions and relevant codes of practice. Any proprietary items to be specified shall be subject to the approval of the Architect. All materials and workmanship are to be in accordance with the current British Standard Specifications and Codes of Practice. The Building Contractor is responsible for obtaining all necessary approvals from the Local Authority Building Control Officer and other statutory undertakers before commencing work and for giving all required notices. The Building Contractor is responsible for ensuring that adequate temporary and permanent support is provided to the building fabric at all times during the course of the works
