This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

10 Before each dwelling (or other development as specified) is occupied, the roads and footways providing access to that dwelling, for the whole of its frontage from an existing public highway, shall be constructed to a specification to enable them to be adopted as Public Highway, less the carriageway and footway surface courses. The carriageway and footway surface courses shall be completed within three months from the date upon which the erection is commenced of the penultimate dwelling (or other development as specified).

Reason: To ensure that a safe and suitable standard of vehicular and pedestrian access is provided for residents throughout the construction period of the development and that the roads and footways are completed within a reasonable period following completion of the dwellings.
This Condition is imposed in accordance with Policy 2 of the South East Lincolnshire Local Plan, 2019.

11 No dwelling shall be commenced before the first 50 metres of estate road from its junction with the public highway, including visibility splays have been completed.

This Condition is imposed in accordance with Policy 2 of the South East Lincolnshire Local Plan, 2019.

12 The permitted development shall be undertaken in accordance with a surface water drainage scheme which shall first have been approved in writing by the Local Planning Authority.

The scheme shall:

- be based on sustainable drainage principles and an assessment of the hydrological and hydrogeological context of the development;
- provide details of how run-off will be safely conveyed and attenuated during storms up to and including the 1 in 100 year critical storm event, with an allowance for climate change, from all hard surfaced areas within the development into the existing local drainage infrastructure and watercourse system without exceeding the run-off rate for the undeveloped site;
- provide attenuation details and discharge rates which shall be restricted to 1.4 litres per second;
- provide details of the timetable for and any phasing of implementation for the drainage scheme; and
- provide details of how the scheme shall be maintained and managed over the lifetime of

the development, including any arrangements for adoption by any public body or Statutory Undertaker and any other arrangements required to secure the operation of the drainage system throughout its lifetime.

No dwelling shall be occupied until the approved scheme has been completed or provided on the site in accordance with the approved phasing. The approved scheme shall be retained and maintained in full, in accordance with the approved details.

The Construction Management Plan and Method Statement shall be strictly adhered to throughout the construction period.

Reason: In the interests of the amenity of local residents and to ensure that the permitted development is adequately drained without creating
or increasing flood risk to land or property adjacent to, or downstream of, the permitted development during construction and to ensure that suitable traffic routes are agreed. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policies 2, 3 and 4 of the South East Lincolnshire Local Plan, 2019.

NOTE: The applicant is advised that Thary Lane is not an acceptable route for delivery and other vehicles during construction.

14 Details of the precautions to be taken to prevent the deposit of mud on public highways by vehicles travelling from the site during construction of the development shall be submitted to and approved in writing by the Local Planning Authority before the development commences. These facilities shall include the provision of wheel washing facilities where considered necessary by the Local Planning Authority. These precautions shall be made available before commencement of the construction of the development and be kept available and in full working order until such time as the Local Planning Authority agrees in writing to their withdrawal or the completion of the development.

Reason: In the interests of highway safety during the construction process. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policy 3 of the South East Lincolnshire Local Plan, 2019.

The person carrying out the work must inform the Building Control Body that this duty applies. A notice confirming the requirement for the water consumption has been met shall be submitted to the Building Control Body and Local Planning Authority, no later than five days after the completion of each dwelling.

Reason: To protect the quality and quantity of water resources available to the district.
This Condition is imposed in accordance with Policy 31 of the South East Lincolnshire Local Plan, 2019.

16 Before the commencement of the development hereby permitted beyond oversite, the detailed design and location of all lighting to be provided to roads and footpaths within the development shall be submitted to and approved in writing by the Local Planning Authority and all lighting utilised in the development shall conform to the details so approved.

Reason: To ensure that the Local Planning Authority retains control over these matters, in the interests of the visual amenity of the overall development, to prevent light pollution and to ensure that the development is adequately lit.
This Condition is imposed in accordance with Policies 2, 3 and 30 of the South East Lincolnshire Local Plan, 2019.

17 Before the commencement of the development hereby granted beyond oversite, full details of the proposed means of foul and surface water disposal to separate systems shall be submitted to and approved in writing by the Local Planning Authority and the details so approved shall be implemented in full before there are any flows into the receiving systems.

Reason: To ensure that the site is adequately drained, to avoid pollution, and to prevent increased risk of flooding.
This Condition is imposed in accordance with Policies 2, 3 and 30 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in Section 14 of the National Planning Policy Framework, 2019.

Notes:

All roads within the development hereby permitted must be constructed to an engineering standard equivalent to that of adoptable highways. Those roads that are to be put forward for adoption as public highways must be constructed in accordance with the Lincolnshire County Council Development Road Specification that is current at the time of construction and the developer will be required to enter into a legal agreement with the Highway Authority under Section 38 of the Highways Act 1980. In all cases, the developer is advised to undertake early discussions with statutory undertakers to co-ordinate the laying of utility services under the highway.

Please contact the Lincolnshire County Council Streetworks and Permitting Team on 01522 782070 to discuss any proposed statutory utility connections and any other works which will be required within the public highway in association with the development permitted under this Consent. This will enable Lincolnshire County Council to assist in the coordination and timings of these works.

If evidence of bats is found before or whilst the work is carried out you are advised to contact Natural England at their Lincoln office (telephone 03000 603900).

Should unexpected contamination be discovered on the site at any time, the applicant is advised to contact the District Council's Environmental Protection department immediately.

This planning permission is subject to an Agreement under Section 106 of the Town & Country Planning Act 1990 dated ***** and can only be implemented as a consequence of meeting the provisions of that Agreement

The Local Planning Authority has acted positively and proactively in determining this application by assessing it against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise, and by identifying matters of concern within the application and negotiating, with the Applicant, acceptable amendments to the proposal to address those concerns. C = the value of the relevant Dwelling(s) if subject to the tenure specified in the Affordable Housing Scheme in this Deed as determined by an independent expert or agreed by all parties (as the case may be)

2. If any Affordable Housing Contribution payable under this Part 1 is not paid within 12 months of the date of this Deed, it will be index linked so as to increase in line with the difference in percentage increase between house price inflation for properties in England (by reference to the UK House Price Index published by HM Land Registry) and the Index calculated with reference to the figures last published prior to the date 12 months after the date of this Deed and the figures last published prior to the date of payment of such Affordable Housing Contribution, so that if, for example, the UK House Prices Index has risen by 8.9% for that period and the Index has risen by 1.21% the percentage increase to the Affordable Housing Contribution would be 7.7%.

3. Any Affordable Housing Contribution payable under this Part 1 is to be agreed between the parties or failing agreement to be determined by an independent expert in accordance with clause 15 and is to be paid in full to

the Council before no more than 85% of the Market Dwellings have been Practically Completed.

4. The expert's costs for determining the values of B and C will be fully recharged to the Owners in all but exceptional circumstances. The independent expert will otherwise be appointed and act in accordance with Clause 15.

Part 2

1. Subject to paragraph 2 of this Part 2, the Affordable Housing Contribution under this Part 2 is calculated as follows: A = *(B less C)*

Where:

A = the Affordable Housing Contribution

B = the open market value of the relevant dwelling if it were not subject to the terms of this Deed as determined by an independent expert and agreed by all parties

C = the value of the relevant dwelling subject to the terms of this Deed as determined by an independent expert and agreed by all parties

2. If any Affordable Housing Contribution payable under this Part 2 is not paid within 12 months of the date of this Deed, it will be index linked so as to increase in line with the difference in percentage increase between house price inflation for properties in England (by reference to the UK House Price Index published by HM Land Registry) and the Index calculated with reference to the figures last published prior to the date 12 months after the date of this Deed and the figure last published prior to the date of payment of such Affordable Housing Contribution, so that if, for example, the UK House Prices Index has risen by 8.9% for that period and the Index has risen by 1.21% the percentage increase to the Affordable Housing Contribution would be 7.7%.

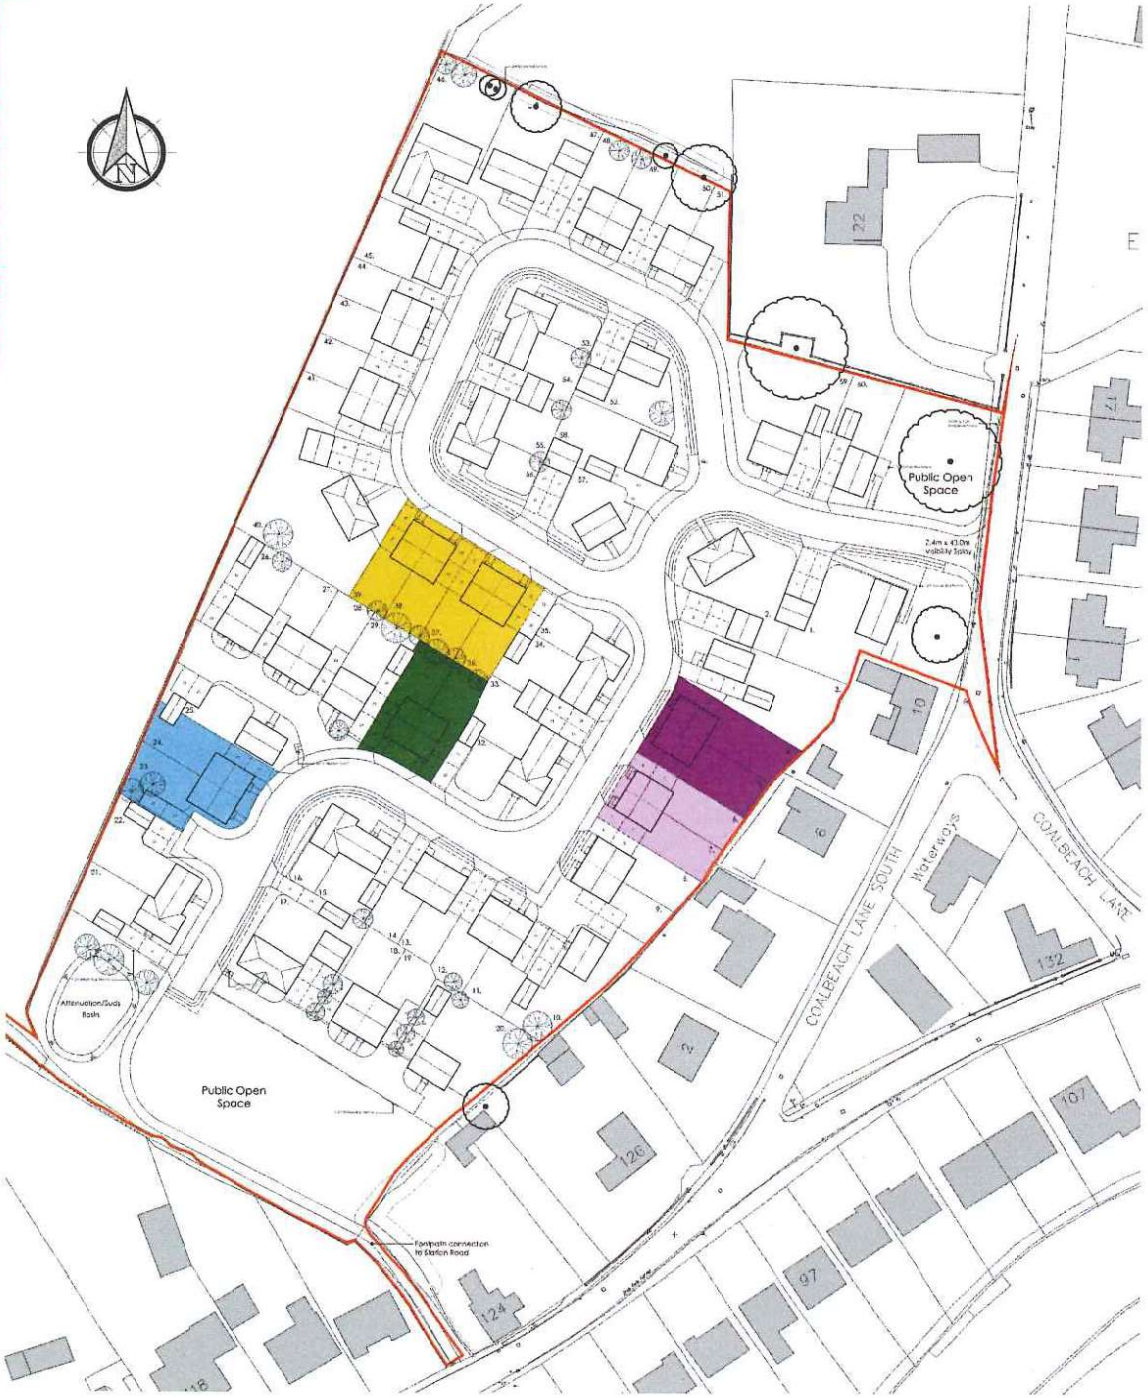

3. Any Affordable Housing Contribution payable under this Part is to be agreed between the parties or failing agreement to be determined by an independent expert in accordance with Clause 15 and is to be paid in full to the Council before no more than 85% of the Market Dwellings have been Practically Completed.

4. The expert's costs for determining the values of B and C will be fully recharged to the Owners in all but exceptional circumstances. The independent expert will otherwise be appointed and act in accordance with Clause 15.
