I have been contacted regarding this application by concerned residents and also a parish council. I dont believe the details are sufficient and plans show little to no actual detail or show what is being applied for fully or even partially.
The entrance to the site is over land not in the applicants control. So a useable safe entrance would be unlikely to be achievable.
From what can be gathered from the application buildings are to be erected some permanent and some temporary, but it is not clear, this would not be in keeping with the surrounding area which is in open countryside.
