Reference:

Date (DD/MM/YYYY): (Must be pre-application submission)

Details of the pre-application advice received:

The existing outline planning permission for residential development included an indicative layout for four detached dwellings and a pair of semi-detached dwellings. The pre-app enquiry was whether an application for residential development of the site would be supported were it to be for five detached dwellings or six detached dwellings.

Advice with regard to a proposal for five detached dwellings (the pair of semis being replaced by a detached dwelling) was that given the need to protect the trees on the site as much as possible, it is not likely that an application for five detached dwellings would be treated less favourably.

With regard to the possible development of six detached dwellings the Council's Tree Officer had expressed concern at the potential threat to the existing walnut and other trees, and the advice provided was that five detached dwellings would be the maximum that the officers would be comfortable with on the site.

Following consideration of this advice it was agreed that this application should be for the renewal of the original H17-0063-15.
