I have reviewed the following reports:
Tank Removal and Soil Validation Report La Castagna, Cheal Road, Surfleet, Spalding, PE11 4BA Issued: April 2020 Delta-Simons Project No. 20-0632.01
Remediation Method Statement La Castagna, Cheal Road, Surfleet, Spalding, PE11 4BA Issued: April 2020 Delta-Simons Project No. 20-0632.01
I recommend discharge of condition 3 of H17-1152-19. Condition 4 remains outstanding. The current proposal for validation is by an informal process, whilst that is acceptable for me, I presume that formal submission through planning will still be required?
