   Our service is for a weekly or fortnightly collection, where bins are not out a wasted journey charge will apply.
   Also please be aware that overweight bins will incur an additional charge of £2.00 plus VAT per bin.

2. Our Wheelie bins are **not** to have builders waste, hardcore / soil or fire ash in them as this is quite heavy and can split the bins when they are emptied which will make the bin unusable.

3. In order to avoid odour and bin contamination, we must ask you to bag and tie all waste before placing it in the bin. If this request is observed, you will avoid incurring extra charges for bin washing.
