Maintenance :
Propagated trees to be planted in suitably prepared tree pits to avoid compaction of roots and allow root growth into surrounding soils
All trees to be watered in with regular watering during periods of dry weather until established (3-5 years)
Underlie weed control during first 3 years to ensure good growth with wood chip mulch around base
Tree stakes and ties to be routinely checked and adjusted with stakes and ties removed when trees become established (3-5 years)
All trees to be maintained for the period of 5 years from the date of completion of the scheme and during any losses shall be made good

The site plan shows two plots, Plot 1 and Plot 2, separated by a red line. Plot 1 is on the left and Plot 2 is on the right. Each plot contains a house with a front garden, a side garden, and a rear garden. The plan shows various dimensions, including lot widths (e.g., 4.30, 4.32, 4.33), garden areas (e.g., 4.30, 4.32, 4.33), and building footprints. The plan also shows a road on the left and a boundary line on the right.
