Dear Sirs

I am writing with reference to your recent e-mail about more information to the Application.
I am proposing in my Application to use approx. 30 square meters to park small caravans there. The caravan storage will be for personal use only (buying used caravans, renovate and clean them and sell it), there is a plan to storage no more than 6 caravans at any time. Caravans will be empty, no electricity or water connection required. Located behind hedges to minimise visibility.

Site location plan attached (1:2500) together with photographs.

If there is any queries please contact me,
